Dear Ms. Lein:

I am in receipt of your letter dated May 18, 2010 regarding the aforementioned report.

In regard to the employer and occupation entries in question, regarding incomplete identification information and/or incomplete occupation and name of employer, specifically for "information requested" and "self employed", business owner. Please be advised that we report the information as it is provided to us. If the information is not provided to us on our initial contribution solicitation which cites the FEC regulation for the requested information, the Committee's policy is to send a follow-up letter within thirty days of the original contribution to again request the information with a pre-addressed and stamped envelope enclosed for the return of such information. The follow-up letter contains no additional solicitation for any contribution. Additionally, we inform the donor that federal law requires us to use our best efforts to obtain and report the complete name, mailing address, occupation and employer for each individual whose contributions aggregate in excess of \$200 in an election cycle. All such information received is reported accordingly.

At this time our committee believes to be in compliance.

Sincerely,
